**NORTHWEST COLLEGE
BUDGET MESSAGE
FISCAL 2018-2019 DRAFT BUDGET**

Presented herein is the draft annual budget for Northwest College, State of Wyoming for fiscal year 2019. This budget is for the first year of the 2019-2020 biennium.

Budget Planning linked to Strategic Planning and Student Success Initiatives

The Mission of Northwest College and our Vision 2020 strategic plan provide the foundation for the budget planning process. The strategic initiatives of experience, connections, and environment, using the underlying key performance indicators, focuses the College resources during the budget process. The Board of Trustees also support the Mission and Vision and further focus resources with oversight and approval as part of each new fiscal budget.

Fiscal 2019 marks the start of a new biennium but the continued reality of budget reductions and low mill levies still exist throughout the state. For Northwest College, this new reality resulted in continued analysis and prioritization of needs within every department. Fortunately the budgeting process continued to encourage a shared governance effort comprised of faculty, staff and administration. Budget manager meetings focused on educating, collaboration, and hands on work using historical review and zero based budget worksheets.

During these sessions, consideration was given for several items using the guidelines that were established by the College with input from campus members and the Board Finance Committee. They were:

- Academic and Student Service programs – No elimination of programs or services.
- Competitive and Co-Curricular Activities – No elimination of existing activities.
- Compensation – A minimum 1% increase to total compensation.
- Early Retirement / Special offerings – No special offerings provided for early retirements.
- Employee Retirement shift – Consider the effects of retirement shift on employees.
- Open positions – Potentially hold open positions while state economies stabilize.
- Program Fund endowments – Review budget lines to increase Foundation utilization.
- Reserves – Reserve utilization may be considered while assessment models are finalized and strategic investments are considered.
- FY2019 Carryover – Carryover savings may be utilized to allow for the completion of assessment work. Results will be used to align future funding decisions with the mission and strategic plan.

The following examples reflect the application of these guidelines in the FY 2019 budgeting process:

- A comprehensive plan was developed to address employee compensation.
- No academic or student services programs were reduced.
- No competitive or co-curricular programs were reduced.
- Title IX, student health and wellness, and student academic support, continue to be areas of focus for continued student success.
- Continued focus on long term planning for all aspects of campus using data based decision making through consultations, assessment and prioritization.

REVENUE OUTLOOK

Current Funds

Current funds include unrestricted operating funds (including community service and continuing education), auxiliary funds, one-mill funds, and restricted current funds. Budgets are presented as balanced with strategic use of surplus balances transferred to reserves or prior carry over balances used for budgeted deficits.

Current fund revenues are subdivided into four categories of sources; state support (general and area specific support and ABE/GED/ESL), local revenue (four-mill, motor vehicle, and one-mill levy), institutional revenue (tuition, fees, and auxiliary revenues), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2019 budget are listed below:

Unrestricted Operating Fund

The unrestricted current operating fund represents the largest portion of the educational and general operational financial activities of the college. Its revenue is largely determined by the Funding Allocation Model of the WCCC, which establishes funding levels for the Wyoming community colleges in part on the basis variable or instructional cost per credit hour and fixed costs.

As a part of the current funds, operating fund revenues are also subdivided into four categories of sources; state support (general and area specific support and ABE/GED/ESL), local revenue (four-mill and motor vehicle), institutional revenue (tuition and fees), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2019 budget are listed below:

Unrestricted Revenue

We are anticipating a slight decrease in our block State appropriation of approximately \$68,000 compared to the decrease of over \$1,600,000 for FY2017. We will not budget for recalibration/redistribution monies as they are unknown at this time. In addition to our block State appropriation we receive additional State appropriations on a reimbursement basis for health insurance premiums (approximately \$3.4 million) and continuing this year, a special State supplemental allocation for three nursing faculty positions (WyIN) (\$242,000).

Local tax revenues are projected to be approximately \$2.7 million for the 4-mill levy and \$800,000 for the 1-mill levy for FY2019. The county will continue to watch revenue projections closely as growth is slow. The College will continue to work closely with the County to stay abreast of all projections.

Projected institutional revenues from tuition and fees are anticipated to increase by \$140,000 due to inflationary fee increases. Otherwise, enrollment continues to be flat. The College has elected to utilize projections based on current enrollment trends.

Restricted Revenue

Restricted revenues reflect projections for grants and other fund revenue that we are currently holding or for which we have already received authorization, such as Pell, SEOG and Federal Work study funds. Most competitive federal grant award years do not start until August or September and will be added in our first quarter budget adjustments.

Carryover

Carryover refers to funds that are budgeted, not fully expended, and will be carried over to the following budget year. Examples include projects started but not completed by year end. Minimal carryover is expected for fiscal 2019.

Reserve utilization

Reserve utilization is the use of prior year reserves in the following year to support short term needs or transitional change. In order to improve the alignment of resources with programs and services for budget planning, in fiscal 2018, the President charged the Institutional Effectiveness Committee with developing a non-academic (support services) program assessment process. Initial program reviews were completed and assessed using a new rubric and template, and feedback was provided. For 2019, the template and rubric will be enhanced to improve the assessment process and to assist with budgetary prioritization. Additionally, focused assessment

training for support service programs managers is scheduled and a team attended a strategic assessment workshop sponsored by the Higher Learning Commission during June 2018. This work is designed to eliminate the use of reserve utilization and provide strategic alignment with budgeting for all academic and support services programs.

Auxiliary Enterprises

Residence hall and Trapper Village apartment rates were reviewed, adjusted and approved, and will be increased to address lagging deferred maintenance and to fund the renovation of Cody Hall. Dining rates were increased by 2.5% and a new block meal plan will be implemented to encourage student utilization. All other Auxiliary Fund areas were budgeted to cover operating costs while remaining affordable to our students.
